Detail Display

Renewed appearance

All Terrain Comfortable off-Road Vehicles in China Tank 300 Used Cars at a Low Price Hot Sell

Although the Tank 300 has retro rugged off-road vehicle design elements of square and round shape, as well as a wild design with an external spare tire, it is not as rugged as the Jeep Wrangler. On the contrary, with the support of many modern design elements, the Tank 300 has a fashionable appearance.

Technology cockpit

The Tank 300 has a sense of design and luxury, such as the circular air conditioning vents in the turbo style and the gear lever in the aviation propulsion style, which are original designs. And the penetrating central control screen, the large area of soft materials in the interior, and the clock in the central control area all add to the luxurious feeling of the Tank 300

Safe travel

All Terrain Comfortable off-Road Vehicles in China Tank 300 Used Cars at a Low Price Hot Sell

The protective diamond mask is reliable and fully covered, with thorough safety protection and solid backing. On the way through the city, you can just enjoy yourself to the fullest

Remote control

The signal covers the whole country, achieving remote vehicle startup, vehicle positioning, vehicle abnormal alarm, and one click query of vehicle conditions through the APP. At the same time, it meets basic vehicle functions such as remote opening and closing of air conditioning, sunroof (including sunshade), back door, controlling seat ventilation/heating, and remote vehicle search.
