Product Description

2024 Buick E5

Buick Electra E5 is the first production model based on GM's Ultium electric platform, positioning a large five-seat intelligent pure electric SUV. Equipped with VCS smart cockpit and Super Cruise super assist driving. Using Buick's new Logo tricolor shield, daytime running lights are sharp, and the design without an air intake grille is also in line with the characteristics of pure electric models. The rear features through-through taillights, with high brake lights on the tail that echo the new Buick logo.
