Our

Advantages

Our customers come from all over the world. Every year, many customers come to visit our company and factory.Welcome you to visit our company!

Different kinds of products are available in our company. We're pleased to get your Inquiry and we will reply you as soon as possible. We stick to the principle of "quality first, service first, continuous improvement and innovation to meet the customers" for the management and "zero defect, zero complaints" as the quality objective.

With many years of experience in the design, development, production and sales of electric golf carts, utility vehicles, electric classic cars, as well as a variety of customized electric vehicles, we have successfully established a good reputation in all sectors.

Electric vehicles compared to traditional vehicles enjoy the sparkling points of sufficient loading capacity, climbing ability, environmental friendly, low noise pollution, and low operation cost. In this regards, the EVs have been widely used in large parks, airports, railway station patrolling, tourists attractions, inter community transportation, and shopping malls. We hereby commit to "meet the requirements of customers" as rule of conduct, to "honesty, quality first, service oriented" as operation

philosophy, to "be No. 1 in yard EV manufacturing" as the ultimate goal. Choose us, your reliable friend.
